

Press Release

Reliable Security Sound & Data
Design, installation and Service

Deadline: June 29, 2011

UPPER LAKE CASINO PROJECT

Reliable Security Sound & Data is pleased to announce that they have been given the low voltage contract award for the Upper Lake Pomo Tribe of Habematolel's new Running Creek Casino in California.

This installation includes IndigoVision CCTV, Maxxess access control for the security surveillance system, Ashly amplifiers and TOA speakers. RSSD is also responsible for the voice/data.

Reliable looks forward to working with the Upper Lake Habematolel tribe and to completing this project on time and on budget.

About Reliable Security Sound & Data- Reliable Security Sound & Data is a full service low voltage electrical contractor based in Everett, Washington. RSSD offers design build services, design only and specification bidding. RSSD has over 30 years of experience in the design and installation of large central based information systems that comprise surveillance, security, life safety, audio/visual, voice/data and slot data systems. Reliable works throughout North and South America.
